INTRODUCTION

34 Moses ascended from the desert plain of Moab toward Mount Nebo, to the top of Pisgah, across from Jericho. There the Lord showed him the entire land, from Gilgal as far as Dan, ² all of Naphtali, the territories of Ephraim and Manasseh, and the entire territory of Judah all the way to out over the sea, including the Negev, the Arabah, the valley of Jericho, and the city of the palm trees as far as Zoar.

Deuteronomy 34 (1-4)

Reading and studying the Bible without being acquainted with its physical backdrop, is like watching a play without scenery. Understanding the development of any series of events, and the actions of the people in the Bible, can only be fully comprehended after getting familiar with their geographical setting. Therefore we have created this book with the goal of adding another dimension to the understanding of the Holy Scripture, by combining our knowledge of the people, their actions, the events in which they participated, and the awareness that we have accumulated about the land where they lived.

Several things set this fun quiz book apart from all other quiz books.

- This highly educational Bible Land Quiz Book has been written, illustrated and produced in the Holy City of Jerusalem.
- Almost all the questions have an answer that reveals a biblical verse.
- Innovative graphics, chronological charts, detailed political maps, historical maps, city maps, battle maps, family trees of major biblical characters, all of which will help to

illuminate the geographical and historical context of the biblical events, thus bringing to life the biblical scriptures as never before.

How to use this Quiz Book in the best way:

- Pick the topic you are interested in from the Table of Contents and try to answer.
- Go to the Answers section of your chapter and see the Bible verse that corresponds to the question. Then return to your Bible to further read about the question.
- Search the numerous and amazing maps for the actual locations of the sites mentioned.
- Search, the unique charts to obtain additional information about the biblical characters or topics in the question.

It is my and the publishers' sincere hope that by answering the questions listed in this book and viewing the amazing maps and charts, you will enhance your understanding and enjoyment of the biblical narrative and add to your familiarity with the physical setting of those events.
